

Certificate of Authenticity on all bottles of Château TALBOT (starts with 2012 vintage)

tesa VeoMark® Technology
tesa VeoMark® is an effective security solution which combines counterfeit protection and product tracing.

- 1. Where to find tesa VeoMark®**
tesa VeoMark® is attached to a label which carries a QR-code.
The label is attached between the bottle neck and capsule.
- 2. Different on each bottle**
The Security Code of each tesa VeoMark® is unique for each bottle. Therefore each single bottle carries a distinct feature.
- 3. Scan with Smartphone**
Scan the QR-code with your smartphone. A standard reader can be downloaded for free.
OR
Enter the URL above the QR-code directly into your web browser (www.ch-talbot.com)

- 4. Enter**
Check the ID code and then enter four digits visible on tesa VeoMark®. Enter the numbers and letters present into the captcha.

- 5. Compare**
Compare tesa VeoMark® present on the bottle with the animation appearing on you smartphone. Both must be absolutely identical. If the authentication is not successful, please contact the Château TALBOT.
